BASIS FOR FUTURE"Round Robin" of Senate is
Groundwork for Action—
New Treaty Likely.By DAVID LAWRENCE.
(Copyright 1920 Janesville Daily
Gazette.)

Marion, Ohio, Nov. 5.—President-elect Harding will revert to the round robin, signed by the republicans of the United States senate in March, 1919, as the basis of foreign policy in the new administration.

This plan, which has been confidentially discussed during the campaign, will be put into effect just as soon after inauguration as possible. It has the merit of affording a beginning in the inevitable process of reconciliation between the various factions in the senate.

The Round Robin

No matter what the vote may have been on the peace treaty and covenant, the round robin is the single document that all the republican senators, both irreconcilables and reservationists, have signed. Senator Borah may be surprised outside of Marion, Ohio, but it is an open secret here that Elihu Root will not be secretary of state in the next administration. Allen, who has disclosed that Mr. Root is not in particular high favor here and that he will not be the minister extraordinary to Belgium, is so many people have supposed.

Root and Harding

There is no direct clash between Senator Harding and Mr. Root which has been so often suggested as the basis of a Harding-Root team on foreign policy in the new administration. This may be disappointing to a large number of people but it is nevertheless true. It is known, for instance, that Senator Borah from London, the friendliness of which to the present league of nations has been the subject of much republican candidate for the presidency.

Also there is a feeling here that Mr. Root did not play the game during the campaign and that the part he took in the formation of the international court which has been created under the league of nations was a direct recognition of a type of world organization which the republican party was fighting.

There is no particular bitterness or hate against the people who made the present league of nations, but on the contrary, the republicans among the men who reflect Harding's viewpoint, convictions that lean more to the so-called irreconcilable, like the Johnson, the McCormick, the Root or Taft. To be sure, most of the folks surrounding Harding from Marion have been in the anti-league and "bitter enders." They make no secret of the fact that the overwhelming election returns clearly indicate by their own vindication of the "irreconcilable" viewpoint. Senator Harding, however, has always insisted that his political opponents by their own position to any league or association whatsoever.

Text of Round Robin

Perhaps this was because neither Senator Borah, nor Senator Johnson, leaders of the irreconcilable group, want much time around which kind of a league they would favor but condemning the present league. The republican platform in Chicago, accordingly, was not in favor of the league.

GERMAN TREASURY
HAS BIG DEFICIT

Berlin, Nov. 5.—Germany's treasury has a deficit of approximately 70,000,000 marks, Dr. Karl Helfferich, former vice chancellor, declared in the Reichstag Thursday. He declared it was impossible to meet the claims of the German people for the Rhine territory, and reproached the minister of finance, Dr. Wirth, for having done anything to remedy the situation.

Dr. Wirth stated the cabinet had decided to introduce a bill providing for a "sacrifice tax," adding that the government would ask a credit of one billion marks to buy cereals abroad. He declared the financial situation of the German people could be solved "only if they can live."

MARSHALL MUM
THROUGH TALKING
POLITICS FOR NOW

Treasury, Nov. 5.—Vice-president Marshall would make no comment here today on the suggestion of a "sacrifice tax" which the president Wilson resigned immediately.

"I am through talking politics, for awhile, at least," he said.

Bathhouse John and
Hinkydink in Quandary

Chicago, Nov. 5.—The decision of Chicago's voters to re-elect Governor William D. Carter, and to elect 10 ward committeemen, has put the "Bathhouse John" Coughlin and "Hinkydink" in a quandary.

Speculation was rife in political circles that the two would drop out at the time of the next election. They are fast friends.

Minneapolis, Nov. 5.—After official confirmation that California has voted in favor of the proposed land law in that state, Japan will lodge a protest in Washington, pointing out that the Japanese treaty rights, according to the Yuzuru-Chono, independent organ, which quotes a foreign official, "demand a correction of the present situation by a reconstruction of the machinery of state education."

Mr. Geddes, British ambassador to the United States, declared that the American law, limiting the number of Japanese ships, was a "direct violation of the friendly relations between the two countries."

Milwaukee, Nov. 5.—The Wisconsin teachers in session here today, gave to the demand that the state give to the Teachers Retirement fund such support as to place the fund of an unquestionably adequate basis.

Chairman M. N. MacIver, in a statement on behalf of the State Teachers committee declared that the teachers of Wisconsin should demand that this state carry its share of the cost of the teachers pension fund.

The Wisconsin plan as established in 1911 was intended to be generous to the teachers," he said. "In the beginning the state contributed the bulk of the cost."

The teachers now contribute more than three fifths and the state lower than two fifths of the income of the fund. The proportion is rapidly increasing, the proportion of the state is decreasing.

The teachers rejected the amendment that would have permitted a meeting of 24 hours notice on matters pertaining to organization. B. E. McCormick, La Crosse, was elected president.

TWO CONFLICTS RAGE
IN TEACHERS RANKS

Milwaukee, Nov. 5.—Two conflicts raging within Wisconsin educational circles are focusing the interest of the 10,000 members of the Wisconsin Teachers' association, which are meeting here today for the second day of its three day convention in Milwaukee this morning.

Mr. E. A. Fitzpatrick, secretary of the state board of education, launched a piercing attack upon C. P. Cary, state superintendent of public instruction, at the mass meeting of the Teachers' association, Thursday night, holding Supt. Cary responsible for the "educational drift" which has been taking place in Wisconsin.

RAILROADS ISSUE
BONDS TO PAY U. S.

Washington, Nov. 5.—Authority to issue \$50,000,000 in six per cent bonds was asked of the interstate commerce commission today by the New York, New Haven and Hartford railroad.

The New York Central asked authority to issue refunding bonds to the amount of \$7,000,000 to the government incurred during federal control. The remainder, maturing in 15 years, would be used for the purpose of refunding the government's \$13,000,000.

WOMAN SHERIFF
NOT AFRAID TO GO
AFTER BAD MAN

[BY ASSOCIATED PRESS.]

Roscommon, Mich., Nov. 5.—Mrs. Jane Johnson, 55 years old, mother of three, middle-aged woman, sheriff-elect of Roscommon county, today outlined her platform.

"I can land a bad man, or a bad woman, myself. If necessary," she said, "but as a matter of precaution I will appoint my husband deputy. In the interim, I will look after my children—two girls and a boy—and the domestic duties in the county jail."

Mrs. Johnson added that in case it should become necessary for her "to arrest a bad man, he will know someone has been after him."

Middle West.

A pair of clever check manipulators, using the names of well-known banks, are nearly \$500 ahead as a result of their brief visit in Janesville. At least three Janesville banks were their victims, each losing \$160, so the story goes.

The two came to Janesville, engaged a room at a hotel, and set out a check book. They then went to three banks, where they let the money be cashed for them. They then showed their "good faith" and then on Saturday, a busy banking day, they began the real work.

WILSON TO PROVIDE
HARDING WITH SHIP

[BY ASSOCIATED PRESS.]

Washington, Nov. 5.—President Wilson today directed Secretary Daniels to place a battleship at the disposal of Mr. Harding, to be used on his contemplated visit to the Panama canal zone.

The President also instructed Mr. Daniels to offer Mr. Harding the use of the presidential yacht, Mayflower, to convey him and the members of his party to Hampton Roads to go aboard the battleship.

[BY ASSOCIATED PRESS.]

New York, Nov. 5.—Bench warrants were issued today for the arrest of at least 3 persons indicted by the grand jury investigating the alleged building trust here. Names of those indicated were not made public.

While the first indictments in connection with the investigation were being returned, the joint legislative committee, which is investigating the building trust, was being informed that the whole limestone trade of the United States was in the grip of the National Association of Stone Cutters.

All this was recorded. This testimony was given by Henri Klein, a contractor, who admitted a code of practice existed after by-laws of the association were read to him. He admitted also that the national association and allied locals to submit copies of their bids to the recording secretary, "to preclude collusion between competitors."

The joint executive committee was told that Robert P. Brindell, president of the Building Trades' council and central figure in the inquiry, was one "who thinks he is king" and who has been "riding on a high horse and brow-beating" contractors and house-wrecking firms, gave this characterization of Brindell.

He also testified that Brindell had demanded \$25,000 to guarantee no interruptions in the construction of the Gotham National bank's 22-story building on Jackson street. Brindell said he had paid \$10,000 to the building trust, and the other \$15,000 he had paid to the building trust.

LEAGUE IS DEAD
SAYS HARDING IN
POST-ELECTION TALK

[BY ASSOCIATED PRESS.]

Marion, Ohio, Nov. 5.—In the final post-election speech, President-elect Harding today disposed of the last business of his campaign headquarters building which has housed his office and campaign assistants since July. With Mrs. Harding and the party, he left for a month's vacation trip that will take him to the Texas coast and probably to Europe.

Workers were today cleaning from the Harding lawn, demolished standards and burned-out red-tinted signs. The party was in the building when the Harding party was in the building.

Mr. Harding is expected to take preliminary steps toward a consultation of agents to the victory station. Whether he actually will assemble such a council before his inauguration, is regarded as doubtful.

LADS AT PLAY SET
FIRE TO STRAW, DIE

Kipling, Mich., Nov. 5.—Rudolph and Elgar, two boys, were burned to death yesterday while playing with matches.

The youngsters, it is said, took matches from their home and went to the root house, a short distance away. After closing the door of the root house, they were in the building. The building was quickly consumed by the flames and the bodies burned to a crisp.

RAILROAD EMPLOYEES
GRANTED CLAIMS

Washington, Nov. 5.—Claims of railroad employees in the semi-exclusive position of recognition by the labor board as "subordinate officials" with the exception of supervisory station agents were allowed today by the interstate commerce commission. The ruling will permit railroad workers in the semi-exclusive classes with the exception of the supervisory station agents to place their wage questions before the board for adjustment.

Supervisory station agents were held to be official and responsible representatives of the railroad companies in their relationships with the public.

HOLLAND RUNS OUT
OF AVAILABLE KINGS
MAY BE REPUBLIC

[BY ASSOCIATED PRESS.]

The Hague, Nov. 5.—The possibility of becoming a republic is in prospect for Holland, under recommendations submitted today by the commission appointed to revise the constitution. If these recommendations are adopted, Holland will have the chance to decide upon doing away with royalty unless the little Princess Juliana, only child of Queen Wilhelmina and Prince Consort Henry, gives birth to a son by a husband whose Dutch parliament approves as her consort. The princess is 11 years old.

The commission proposes that hereafter, unless there is a direct male descendant of a male ruler, the throne shall go to some male of the second generation of the royal house. In the event of there being no direct male successor, the people shall have the opportunity to change the country's government under the commission's scheme.

With the operation of the new schedule the new fare rate of 10 cents automatically went into effect under the order of the railroad commission at noon hundreds of tickets at seven for 10 cents had been sold, very few people being willing to pay the cash fare of 10 cents. They can make a saving of 2.6 cents per ride.

Four cars operating on the Milton avenue-Washington street line will maintain a twelve-minute service, a car leaving the ends of the line at the even hour, and 12, 24, 36, and 48 minutes thereafter. Under the new schedule, the company plans to operate this line on a 10-minute schedule when the street is opened.

The new street cars are well equipped for comfort and safety. Each car is heated with a snow plow attached in front of each wheel. The old barn on East avenue, which was used as a station for the new cars, is a substantial building, and the operation of the street cars is highly increased and improved.

Woman Is Elected

Yesterday's count in the Oklahoma election counted last night eight outstanding seats which would give them a record party margin in the house. The seats still in doubt were the fourth Missouri district, eighth Minnesota, fifth Missouri, 15th, 21st and 23rd New York; first North Dakota; and fifth West Virginia.

NO PROSPECT OF
LOWER COAL PRICE

[BY ASSOCIATED PRESS.]

Dealers Think Price Is Up to
Stay All Winter—Demand
Has Doubled.

With a gradually increasing demand among domestic consumers, coal dealers report that the movement in coal for the winter has commenced. Some people, however, are still waiting with the expectation that prices will come down with increasing supply.

"They are wrong," said Leo Atwood of the Fifield Lumber company, "to the contrary, I believe that there will be no drop in the price of soft coal. There is no great amount of hard coal and will be very little this winter."

Sufficient coal to supply the demands of customers is being received by some of the local dealers, but not all. At law on the Consumers' Coal company, it was stated that the demand for coal had doubled in the past few days, but that none could be supplied. It was stated that that soft coal is being received only in "fair" quantities, while hard coal is not and will not be received. As to this, it was declared that "there is no chance in the world" that they will come down.

Mr. Atwood and Hixon's it is still believed that there will be a good supply of hard coal this winter and that prices for anthracite will range at \$12.50 a ton.

Only 22 cars of soft coal were received in the city this week from the Milwaukee line and 19 Monday until now. This is a total of about 1,750 tons—250 anthracite and 1,440 bituminous. Of this coal, nine cars of the Zerk and 12 of soft coal came in over the Milwaukee line and 20 of the soft over the Northwestern road.

Record Party Margin Among
Representatives Expected
By Administration.

[BY ASSOCIATED PRESS.]

New York, Nov. 5.—With the size of President-elect Harding's electoral vote virtually settled at 404 out of a possible 531 and the complexion of the new senate set down as 59 republicans and 37 democrats, republican leaders today awaited belated returns on eight contests in six states to fix the exact size of the republican house majority.

Exclusive of the eight undetermined seats in the lower house the republicans had 236 members to 137 democrats and 4 of other designations. A plurality of 149—100 more than the democrats had a lead of 149.

G. O. P. to Break Even

Republicans appeared assured of better than an even break on the eight outstanding seats which would give them a record party margin in the house. The seats still in doubt were the fourth Missouri district, eighth Minnesota, fifth Missouri, 15th, 21st and 23rd New York; first North Dakota; and fifth West Virginia.

A further possible democratic upset appeared possible in the fourth Tennessee district where Mr. P. House republican was reported to have forged slightly ahead of Cordell Hull, earlier reported elected.

Montana's four electoral votes fell definitely into the Harding column when returns from 1,222 precincts out of the total 1,432 gave the republican candidate a lead of 44,530. With North Dakota's five electoral votes, the Harding total was 404. When democratic leaders admitted they had given up hope of carrying the state, the addition of Montana's five electoral votes carried Harding up to the 404 mark.

CONGRESSIONAL RACE
IN MINNESOTA CLOSE

St. Paul, Nov. 5.—O. J. Larson, republican candidate for congress in the 2nd district, counted last night 1,655 votes over Congressman W. L. Carse, democrat, when 349 precincts out of 391 in the district had reported at noon today.

REPUBLICAN DEFEATS
F. D. DAKOTA CANDIDATE

John H. Baer, of the first district, bearing the Nonpartisan league endorsement, had been defeated by the republican candidate, Mr. Baer, returns available today indicated. Baer was an independent.

In the second district, Congressman G. W. Baer, republican, was defeated by the independent candidate, Ole Olson, independent and Nonpartisan league choice, when 649 out of 738 precincts had reported at noon today. Young 50, 241; Olson 28,012.

TENNESSEE IS SURE

Memphis, Tenn., Nov. 5.—With Tennessee definitely in the republican electoral column, returns available today indicated that the republican party had captured five of the state's 10 seats in the lower house of congress. Two democratic delegations are republicans.

FIREY EVANGELIST FLAYS HYPOCRITES

Dow Says Religious Hypocrisy
Is Worst Kind—Names
Other Types.

"A hypocrite is a mighty small affair," said E. R. Dow, firey evangelist, at the Methodist church last night. "And yet," he said, "some people are hiding behind the hypocrite. You must be more than mighty small if you are hiding behind one. You know you must be smaller than the thing you hide behind, unless you are like the ostrich, thinking you are hid when only your head is in the sand." Dr. Dow's subject was "Hypocrites, and Some Others."

There are as many hypocrites as there are various professions of men, but the religious hypocrite is the worst type. It is for this reason that hypocrisy has been limited almost entirely to the church. Now what is a hypocrite? A hypocrite is a person who does not at heart want to become what he professes to be, but who appears to be. This differentiates the hypocrite from the person who isn't what he wants to be. There are thousands of people who are hypocrites in their profession. But if a man or woman is growing at heart to become better and striving earnestly to be a better man or woman, and yet not reaching the goal, he is not a hypocrite. It is routine, it is a habit, it is a thing that people think you are. Are you striving to become what you profess to be? This is the determining factor of the hypocrite. Outside the profession of religion. We have hypocrites in politics, the political hypocrite, and he is a stinking type. He is the stink of modern society. Many a slick furred politician has enamored voters in the last few weeks, and is now on his way to who will turn out to be what he has been all the time.

Closing his message, Mr. Dow drew a picture of the Campbell's clan of the Scottish Highlanders coming to save the day when Scotland was overrun by the English in the days of King Edward. He likened the petty jealousies of the Scottish clans at that day to the jealousies between denominations, and then showed how that by forgetting once selfish designs he might save the day for God and humanity as did the Scottish Campbell. He will speak tonight on the subject: "Modern Mummies."

No Rubbing - No Soaking No Boiling

if you use Ajax Naphtha Chips in your washing machine

Every owner of a washing machine should read this advertisement. Read it carefully, then tell your dealer to send you a package of Ajax Naphtha Chips.

For this is the new chip perfected for washing machines. It contains Naphtha and Olive Oil, scientifically combined ingredients, selected for their efficient cleansing qualities.

And remember, the right soap is just as important as the right washing machines.

Loosens Dirt

The action of the Naphtha is to loosen dirt and make the action of your washing machine thoroughly effective.

It takes out grease and helps dissolve stains.

It does away with the need for soaking, rubbing and boiling. Rinse thoroughly and you are through. The only exception would be exceptionally dirty work clothes.

Professional cleaners use fine soap and Naphtha to clean delicate fabrics. This is the principle followed in Ajax Naphtha Chips.

Keeps Clothes New

Olive Oil is the finest possible ingredient that could be used for the making of fine soap. This mild, rich, crude green oil tends to give them their greenish color.

Olive Oil lather keeps clothes fresh and soft. It preserves their newness. Olive Oil soap is used by woolen goods manufacturers and the makers of fine lace for this reason.

Ajax Naphtha Chips are pure soap—containing no adulterants or impurities.

Curly Green Chips

Every wafer in your package of Ajax Naphtha Chips are thin, with a curly twist.

This twist is a special feature, which keeps the chips from matting. It lets the water penetrate and dissolve every tiny particle.

This means easy rinsing and no soapy smell.

A Big Package

Ajax Naphtha Chips come in an extra-big package—an economy package—containing five times as much as most packages.

Because they are pure soap they go at least twice as far as the average laundry soap. This means a double saving.

Your dealer keeps Ajax Naphtha Chips. If he doesn't, tell him to get them for you.

But don't do another washing without them. They make your washing machine do good work, and they save you a world of trouble.

8 CARS DERAILED
NEAR BROWNTOWN

480 Feet of Track Torn Up—
Traffic Tied Up All Day.

Traffic on the Mineral point branch of the Milwaukee road was delayed Thursday night and today when eight cars of freight train No. 31 were derailed four miles east of Browntown. A broken flange on a car of coal is believed to have been the cause. No one was hurt.

When the cars jumped the track into the ditch, they tore up 480 feet of track and ties with them, scattering coal in all directions. A wrecker and crew had to be called from Milwaukee, the machine at the Janesville yards being too small.

A shuttle service was instituted between Janesville and Browntown, passengers changing there and boarding another train for points west to Mineral Point. It is expected that through service will be resumed at 6 o'clock tonight.

ST. PAUL TRAIN
HITS AUTOMOBILE

John Stein of Highland Junction was slightly injured when train No. 4 on the Milwaukee road struck the automobile which he was driving, wrecking it beyond repair. It is reported that the car crossed the tracks east of Highland Junction directly in the path of the oncoming train.

ford, is suffering from asthma and heart trouble.

Miss Annetta Wilcox, Milwaukee Downer Seminary, is spending the week-end with her parents, Mr. and Mrs. J. L. Wilcox, 613 South Second street. She was accompanied by Miss Ethel Stager.

A son was born Sunday at Mercy hospital to Mr. and Mrs. John Dool, 309 11th street.

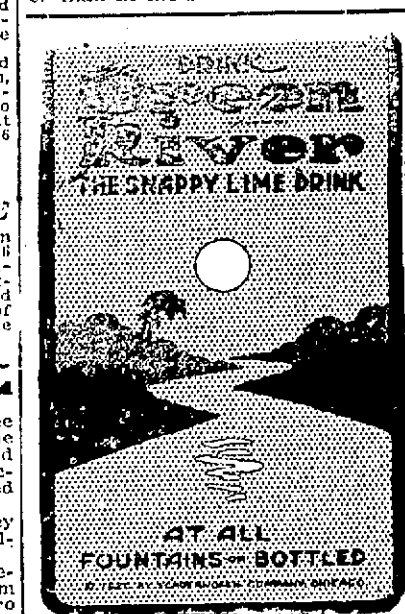

Mrs. Nelson Francis, Milton avenue, returned last evening from Marinette, where she spent two weeks at the home of her parents, Mr. and Mrs. Place.

LUMBER ARRIVES IN
BIGGER QUANTITIES

Building materials are commonplace to reach Janesville in larger quantities than heretofore. Lumber and cement particularly have increased during the past week. There have also been greater quantities of buck-

whent. Several carloads of tobacco were shipped out of Janesville over both the Milwaukee and the Northwestern roads. There were also a few cars of cattle and a large number of sugar beet pulp, the latter over the Milwaukee line.

GULBRANSEN

(Pronounced Gul-BRAN-sen)

Player-Piano

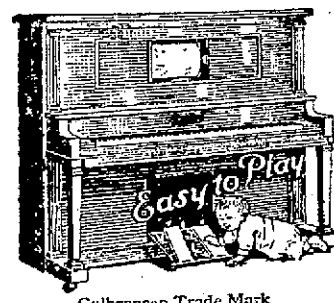

When Good Fellows Get Together

If you want a lively time at your Stag Party, put a good song roll on the Gulbransen. It will start things going, and very likely uncover unexpected talent. Every fellow likes a chance to do his clog, or a stunt with banjo, mandolin or bones, or at least join in the chorus.

The Gulbransen is always ready for anyone to play. And every song you ever heard of is available in player-rolls, with the words on the roll so everybody can read them. The latest dance songs and love songs. The topical, joking songs from the new operas, the boisterous "altogether-now" songs and the old cliche harmonies.

You can make your home parties the most enjoyable in your neighborhood if you have a Gulbransen and a good assortment of rolls. Every occasion is made more enjoyable by music, and music for every occasion is available for the Gulbransen.

Gulbransen Trade Mark

Easy to Play

You will especially appreciate the ease with which you can play a Gulbransen. Its "pedal-touch" is delightful, exquisite. After a few evenings with the new Martin Method instruction rolls you will astonish your friends by your skill.

Try a Gulbransen yourself at one of the dealers' stores named below. Try some of the songs you'd like to pull at a Stag Party. You will never be satisfied with any other player-piano once you try the Gulbransen. It will make you realize that evenings at home are much duller than they need be.

Nationally Priced

Gulbransen Player-Pianos, three models all playable by hand or by roll, are sold at the same prices to everybody, everywhere in the United States, freight and war tax paid. Price, branded in the back of each instrument at the factory, now includes six instruction rolls (Martin Method) and our authoritative book on home entertaining and music study with the Gulbransen.

MORE IDEALISM IS NEEDED SAYS PASTOR

Declaring that more idealism is needed today and intimating that the idealism that gripped the United States during the war has fallen away, Rev. Ralph Berry, Honey Creek, called upon the young people of the churches to rally to a greater love for humanity in an address before the Young People's Union of the Baptist church here Thursday night. He spoke at the first annual banquet of the society held at the church and attended by 150.

He also declared that the people of today are doing too much wishing and not enough fighting. There is too much "if," he declared, "and not enough 'p.'"

The Letters of Tessie and Joe

DEAR JOE: I don't think I've told you how wonderful I'm getting on in my riding lessons. I suppose it's partly a case of familiarity breeding content, because they still give me that same horse to ride and we're sort of used to each other's little ways by this time. Just like in dancing you got to dance a good many times with a man before his steps stop surprising you, it's the same with a horse. Gradually by degrees you get to know only when to dodge a bump and when not. If that horse would only stand still to let me mount him (mount is official for get up on) I wouldn't hardly have a thing against him, but he don't. He keeps moving around as if he had the idea I came to play pussy in the corner with him instead of to ride him, and as horses don't wear O'Sullivan's heels I always have a few disconcerting moments trying to keep spaces between his feet and mine.

What do you think of Carpenter knocking the spotlight out of Lovitky. It wasn't any shock to me or to Mrs. Frank either, because we both saw Carpenter in the movies and really Joe he's the handsomest thing. The fact that they never invited Lovitky to pose for the movies shows that he don't amount to as much as he would apparently like people to think. I was talking on the subject to the ice man, who seems to know more about things in general than you'd think an ice man would, and he said in his opinion Carpenter won't stand a ghostly show with Dempsey because he's nothing but a frog eater.

"Well," I said, "well, why shouldn't he eat frogs if it's the French national pastime? When in Rome do as the Romans do, so why not in France?" I says, "That was a good answer, wasn't it, Joe?"

It's real sweet of you to say you wish you had enough money to buy me that 150 carat diamond the resigned Sultan of Morocco is trying to sell. From the number of advertisements you read of books bound in that country, Morocco must be a great literary centre.

Love from baby and I.

Your TESSIE.

Heart and Home Problems

LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE.

Dear Mrs. Thompson: I have been married twice and have one child, three years of age, by my first marriage. I was only married recently to the husband I have now. He is younger than myself. I had gone with him eight months. I married him not only for love but to give my little girl, as well as myself, a home. She had never had a father's love and really never had a home. After I was divorced from my first husband I did housework in order to keep her with me. After I got married the second time and went to housekeeping, my husband did not take an interest in the baby or me. I felt as though he were dissatisfied. I tried to please both, but I am sorry. He threatened her life and was so cruel to her I was forced to let my mother take her, where she has been ever since, one week after our marriage. He never speaks of her or gives her a thought which makes me hate him.

I am one who wouldn't give a child of mine up for the best man on earth, for children come first and last. I am only twenty-one and have a chance to go back to the place where I used to work for a widower with children. There I feel as though I ought to take the old position again, where it would seem home to both of us.

I have been in poor health since I married and I am afraid worry is liable to cause me to be bedridden. Do you think I ought to turn my daughter out and go ahead living with my present husband after I once risked my life for her and would again? Or should I go to a better place where we both will be appreciated.

STUNG TWICE.

I believe you should consider your child first and find a home where both of you will be welcome. Your husband does not deserve to keep you since he is so unkind and unreasonable about the child. He should have realized before mar-

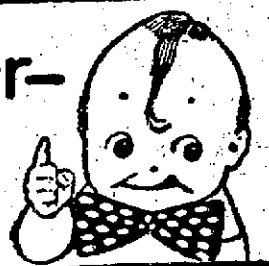

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian Head on the orange label.

Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods.

It never varies in quality—And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Calumet is absolutely sure. In any baking—any time, whether the can has just been opened or whether it is the last spoonful.

Contains only such ingredients as have been officially approved by U. S. Food Authorities—and is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

PUDDING SAUCES
Lemon Sauce—Three-quarters cup sugar, one cup water, three tablespoons cornstarch. Stir to dissolve for three minutes; then add grated rind of one-quarter lemon, juice of one-half lemon.
Some Varieties of Hard Sauce—Hard sauce is made by creaming three tablespoons butter, three-quarters cup powdered sugar, three-quarters cup cream together and then for variety add stiffly beaten white of egg beaten for five minutes, yolk of egg beaten for three minutes, one tablespoon vanilla extract, one tablespoon strained lemon juice, one tablespoon marshmallow syrup from cherry bottle, one tablespoon strawberry or cherry preserve, one and one-half tablespoons orange marmalade, three tablespoons caramel syrup, three tablespoons crushed pineapple, one crushed banana, two tablespoons grape juice, three tablespoons cranberry jelly.
This variety of hard sauce will go splendidly with almost every kind of pastry, pudding and cake.

It is said that Chinese mothers along Mott street, New York's Chinatown, are the happiest women in that city, which may be due to the fact that the Chinese husband does the cooking.

BRITISH READY TO RECOGNIZE MEXICO

Follows Action by Colby; Legislation in London to Be Reopened.

London, Nov. 5.—British recognition of Mexico is expected to follow recognition by the United States, according to Mexican minister at London, who is here on a mission for his government.

Senator Covarrubias takes the view that the statement by Secretary of State Colby on the Mexican question and the legalizing by the United States last week of General Covarrubias' election to the presidency are leading up to full recognition of Mexico by the United States and Great Britain.

Chile Recognizes Mexican Regime. Santiago, Chile, Nov. 4.—Chile has decided to recognize the new government in Mexico, it was learned today.

ALLEGED ELECTION FRAUD INVESTIGATED

New York, Nov. 5.—District Attorney Edward Swann today began investigation of alleged election frauds. As a result of finding 26 marked ballots yesterday in several of the thirteen election districts of the fourth assembly district, Mr. Swann summoned the election officials of that district.

Investigation of alleged fraud in Harlem also was begun. It was reported that in some of the districts more ballots were returned than there were registered voters.

Bank Messenger Is Beaten, Robbed by Bandits. Chicago, Nov. 4.—Four bandits today held up a messenger of the Hyde Park State bank here and escaped with \$4,000 in liberty bonds and coupons in addition to \$357,000 in non-negotiable checks. The messenger and a bystander were shot and beaten when they resisted.

TWO BELOIT COUPLES GIVEN DIVORCES

Two Beloit couples were granted divorces in circuit court this morning by Judge George Grimm, one on the grounds of non-support and cruel and inhuman treatment and the other on the charge of desertion.

Glady Smiley testified that her husband, Delbis Smiley, had never adequately supported her and that she had been obliged to earn her own living. She told of numerous instances where Mr. Smiley had beaten, struck and choked her, leaving marks on her arms and shoulders. Mrs. Smiley's mother, Mrs. M. M. Helms, took the stand in her daughter's defense, verifying the testimony given.

Willful desertion of himself and child, Thelma, aged seven, was the charge given by Ward Walther, who asked a divorce from his wife, Goldie Walther. The father was given care and custody of the child.

Miss Jessie Mc Murry has returned from the northern part of Wisconsin where she has spent several weeks. Mr. and Mrs. J. S. Spencer are entertaining several friends at a card party this evening.

TWO BELOIT COUPLES GIVEN DIVORCES

Two Beloit couples were granted divorces in circuit court this morning by Judge George Grimm, one on the grounds of non-support and cruel and inhuman treatment and the other on the charge of desertion.

Glady Smiley testified that her husband, Delbis Smiley, had never adequately supported her and that she had been obliged to earn her own living. She told of numerous instances where Mr. Smiley had beaten, struck and choked her, leaving marks on her arms and shoulders. Mrs. Smiley's mother, Mrs. M. M. Helms, took the stand in her daughter's defense, verifying the testimony given.

Willful desertion of himself and child, Thelma, aged seven, was the charge given by Ward Walther, who asked a divorce from his wife, Goldie Walther. The father was given care and custody of the child.

Miss Jessie Mc Murry has returned from the northern part of Wisconsin where she has spent several weeks. Mr. and Mrs. J. S. Spencer are entertaining several friends at a card party this evening.

BOYS AND GIRLS PLAN TO ATTEND STATE MEETINGS

Plans are being made to send a delegation of Janesville girls and boys to the state conferences which this year will be conducted by the Wisconsin Sunday school association at Oshkosh, November 26, 27, 28. The conference idea was started several years ago by the Y. M. C. A. for boys, who have co-operated with the Sunday schools to make it a success.

This year, however, there will be two conferences, one conducted by the Y. M. C. A. at Madison, and the one by the Sunday school association at Oshkosh on the same days. A. C. Preston, director of boys' work, will lead a large delegation of boys to the conference at Madison, and at the same time encourage a delegation to be present at the Oshkosh conference. Esther Field is president of the Older Girls' association.

State Fire Chief Gives Suggestions

Suggestions to be followed out in cutting the fire hazard in homes are contained in a bulletin received by Fire Chief Con. Murphy from J. E. Moran, state superintendent of fire prevention. The bulletin follows: "An excellent pamphlet, containing the following bulletin among other features, was prepared and distributed by the Milwaukee fire department as part of its Fire Prevention day doing:

Housekeeping
"The attic, cellar and all closets and outbuildings should be cleaned at least once every year, and all useless material and rubbish removed therefrom and burned. These unnecessary accumulations are dangerous and are the causes of many fires. Store all remaining material neatly away so that a clear passage may be had between or around boxes, cases, barrels, etc."

Lighting Hazards
"Before attaching electric iron, vacuum cleaners, cooking utensils or any other electrical device to your lighting circuit or sockets consult an electrician as to the ability of your wiring to withstand this additional load. Electric wiring systems are designed to carry only a certain current, and if overloaded may cause fire. Numerous fires have been caused by leaving electric irons with the current on. Disconnect them immediately when through using."

Heating Hazards
"At least an 18-inch clearance is necessary between top and sides of furnace, breeching and flues, from ceiling, partitions and other combustible material. Repair at once any broken plaster in ceiling or partition walls."

"Never permit a stove of any kind to be set up without stone, brick, concrete or metal protection underneath, or near a partition without a metal shield and air space."

"Every period of extreme cold results in numerous fires due to forcing the heating apparatus. Keep this in mind this winter. Watch your heater."

Gasoline and Explosives
"Do not use patent cleaning fluids."

polish or chemicals unless you know something about them. Many of these contain volatile oils of a hazardous character."

"Beware of rags or cloths used in oiling floors or cleaning or polishing furniture. They may ignite spontaneously. Be sure and burn them after using. Leaving them about for only a few hours may mean a fire."

Fire Protection
"One or more approved chemical fire extinguishers should be placed in every home. They must be protected against freezing."

The Family Garage
When filling the tank, run the auto outside, so that gasoline vapors will dissipate. A metal waste can should be located at a convenient place outside the garage for all waste and greasy rags. Burn these every week. Never use sawdust or shavings to absorb grease and oil. Scrub floor (if wooden) occasionally with water and lye. In general, familiarize the family with the operation of the nearest fire alarm box. After operating a fire alarm, stay near it to direct the firemen to the fire. Every minute is significant."

"Call the fire chief's attention to any conditions liable to cause fire."

Joint Baseball Meet Dead - Dempsey, Carp Sign Today.

FACTIONS HOLD OWN MEETINGS ON NEXT MONDAY

(By Associated Press.)
Chicago, Nov. 5.—President Ben D. Johnson, of the American league today intimated that there will be no joint session of the major league club owners in Chicago Monday.
Johnson's stand was taken to be his reply to reports from New York that President Heydler of the National league had issued a second invitation to the American league executive and to the "royal five" club owners supporting Johnson, to join with the National league and the Chicago, New York, and Boston American league clubs in session here Monday.

Loyal Five to Meet.
President Johnson yesterday issued a call for a meeting of all club owners of the American league to be held here Monday.
It was expected today that discussion will arise at the meeting dealing with the consideration of plans to reorganize the national pastime.
Johnson's forces, consisting of the Cleveland, St. Louis, Detroit, Washington and Philadelphia clubs, while agreed that a change in baseball laws is necessary in the light of the recent scandalous exposure, object to the feature of the tasker plan of baseball reorganization which calls for a governing body of disinterested parties to succeed the present national commission.
Chicago Storm Center.
John A. Heydler, president of the National league will arrive in Chicago Sunday, and will summon the National league club owners together in a special session Sunday afternoon. The joint meeting Monday.

RIPON AND KNOX TO CLASH TOMORROW

Chicago, Ill., Nov. 5.—Championship football game between Wisconsin and Ripon will be played at the state fair grounds here tomorrow afternoon. The game is expected to be one of the greatest of the season.
Wisconsin is taking no chances. Last week the coaches put the team through a light practice to keep the men in condition and spent most of the time preparing to meet the famous Minnesota team, which Coach Richards has been successful in breaking up in previous years.
This week the team was given harder workouts with the second team scrimmaging with Gopher plays. After two weeks of preparation and with one week of needed rest, the whole team, with the exception of the ends, is ready for the test. Capt. "Red" Weston at end is out of the game unless an injury arises in which he will be helped. The other wing man, for the rest of the season, it is expected.

BRINGING UP FATHER

BADGERS PRIMED AGAINST GOPHERS; TAKE NO CHANCES

Madison, Wis., Nov. 5.—The Wisconsin football team left for Minneapolis today feeling confident of victory over the Gophers eleven in tomorrow's game. This annual struggle between two traditional rivals is not drawing as keen a student interest as contests of previous years, because of Minnesota's hopeless position in the conference race after three consecutive defeats.
Coach Richards and the Cardinal team are not over-confident of victory despite the apparently favoring odds. Minnesota in the past demonstrated her ability to come back for a heart-breaking victory when Wisconsin is to be reckoned with. She is known to be anxious for at least one victory on the home field with the game tomorrow furnishing the greatest hope.
Take No Chances.

BADGER TROTTERS VS. GOPHERS SATURDAY

Madison, Nov. 5.—The Badger cross country squad left Thursday night with the football team for Minneapolis for the dual meet with Minnesota on Saturday morning.
The University of Wisconsin squad, by virtue of their win over Chicago last week, are expected to carry off the honors, although Coach G. T. Lennihan predicts that if his team wins it will be a closer contest.
The Wisconsin trotters will be Capt. W. B. Brothers, Dennis, Noble, Wade, Wall and Dayton. Minnesota will be represented by Capt. Moor, Skylzer, Winter, Hovestad, Gammitt and Leider.
Varsity Co-eds Sorry for Cross Country Runners.
Running five miles a day in order to keep in condition for cross-country running has its drawbacks in the eyes of the average student, who finds a hasty walk up the university hill to the depot at 6 o'clock class over-exerting, but the team is saying that the life isn't all grim work.
Two sympathetic co-eds noticed the bare-legged runners trotting over the hill recently and were immediately attracted.
"Fazing may be all right and freighting probably deserve it," the men heard one of the girls say as they were drawing near. "But," she said as they passed, "this thing of making the poor fellows run up the hill on a day like this with nothing on but their underwear is going too far. Something should be done about it."
The team is wondering if she isn't right after all, despite their change for a bit of momentary mirth.

Boxing Notes

Battling Blake is the latest development of the fist ranks in Buffalo, and according to word from the east is a promising welterweight. Incidentally, Blake and his manager, Leonard Tick, want Wisconsin promoters to know that the former is seeking matches.
Denver, Colo.—A familiar figure in boxing circles, Abe Pollock, widely known referee and local sports writer, was elected Tuesday to the Colorado legislature from Denver.
Joe Ornstein, Milwaukee promoter, is figuring on using Charlie Pitts, Australian lightweight, with Richie Mitchell in his next show. Pitts has met Lew Tendler and Danny Leonard and has never taken the count.
Jack Perry, Pittsburg welterweight, has called off his scheduled match with Jack Britton at Louisville on Nov. 8. He claims he injured his foot, which prevents him from training for the contest. Johnny Griffiths will sub for him.
Yankee Women Hockey Players Loose in England.
London, Nov. 5.—The team of American women hockey players from Philadelphia and vicinity, which recently arrived in England to play women's teams here, was beaten at Wimbledon on Thursday in its first match. It played with the Surrey ladies' team. The score was 3 to 2.
Michigan leads the country with thirty-five passenger automobile factories.

ARMY WILL NUMBER ITS FOOTBALL PLAYERS

New York, Nov. 5.—Army football players will wear distinguishing numbers in their annual game with the Navy in this city Nov. 27. This announcement was made today by Maj. Phillips Hayes, executive of athletics at the United States Military academy at West Point.
Maj. Hayes stated in his communication that the army authorities appreciated the public demand for the numbering of football players and were willing to aid in any way the effort to make the game more entertaining and clear to the thousands of spectators who will witness the annual gridiron contest between the two branches of the service.

May Revive Menominee Ice Boating Regatta

Menominee, Nov. 5.—Great plans are being made by iceboat enthusiasts for the coming winter. The boaters see cold weather ahead and are getting their craft into condition. It is expected that the Menominee boaters will revive the old north-west ice regatta this winter. Plans are also suggested for a big winter carnival during the days of the regatta.
All but nine States in the Union have already surpassed the total number of motor vehicles for the entire year of 1919.

FINAL DETAILS READY; GEORGES SAILS TOMORROW

New York, Nov. 5.—Final details of the contract for the proposed world's heavyweight boxing championship bout between Jack Dempsey and Georges Carpentier will be signed late today. Dempsey and his manager, Jack Kearns, were expected to arrive from Canada during the day.
Carpentier and his manager, Francois Deschamps, plan to sail for France tomorrow.

Shaner Elected Head of Trapshooters

New York, Nov. 5.—Elmer S. Shaner of Pittsburgh, who for more than a quarter of a century has identified with the management of all the big trap-shooting contests held in this country and Canada, on Thursday was elected president of the American Trap-shooting association.

 "Whereas a committee of the peace conference has proposed a constitution for a league of nations and the proposal is now before the peace conference for its consideration; now, therefore,
 "Be it resolved by the senate of the United States in the discharge of its constitutional duty of advice in regard to treaties that it is the sense of the senate that while it is their desire that the nations of the world should unite to promote peace and general disarmament, the constitution of the league of nations in the form now proposed to the peace conference should not be accepted by the United States; and
 "Be it resolved further that it is the sense of the senate that the negotiations on the part of the United States should be directed to the utmost expedition of the urgent business of negotiating peace terms satisfactory to the United States and the nations associated in the war against the German government, and the proposal for a league of nations to insure the permanent peace of the world should then be taken up for final and serious consideration."

A League for Peace
 It is the last paragraph favoring "a league of nations to insure permanent peace" which is the paragraph expressing a desire "that the nations of the world should unite to promote peace and general disarmament" which affords President-elect Harding his promise for a new foreign policy. Senators Borah and Johnson cannot go back on their signature to that document. They are committed to a general alliance or association or whatever name it may be called.

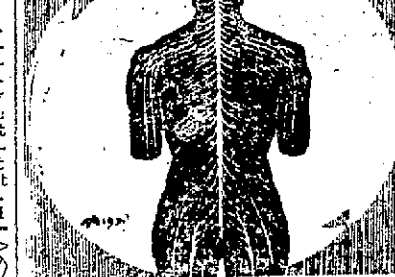

Treaty With Germany
 Unquestionably it will be President-elect Harding's purpose to negotiate a treaty with Germany covering the main points in the Versailles treaty which relate especially to the United States. As for the formation of a league of nations, it is genuinely hoped by the president-elect that the good in the present covenant may be retained and that the bad, as he sees it, shall be removed by the common consent of all

the nations now members of the league. Senator Harding particularly objects to Article X and article XI and the clauses relating to international labor, as well as sundry other articles involving the use of economic blockade. Senator McCormick and others declare confidently that the European nations will gladly scrap the present league and agree to a revision and redrafting of the whole business.

Europe's Attitude
 Now in considering this league question it is well to bear in mind, first, that the president-elect has an idea. Europe is less interested in the present league than in America's cooperation in some kind of a world organization, and that just as Woodrow Wilson may have influenced the formation of the kind of a league he believed America wanted so another American president has the moral power to put through his particular kind of program.

Just what the league of nations will look like when the negotiations between the next administration and the European powers are concluded is difficult to say. Some "irreconcilables" will be satisfied if they can eliminate Article X, which Mr. Wilson called the "heart of the covenant."

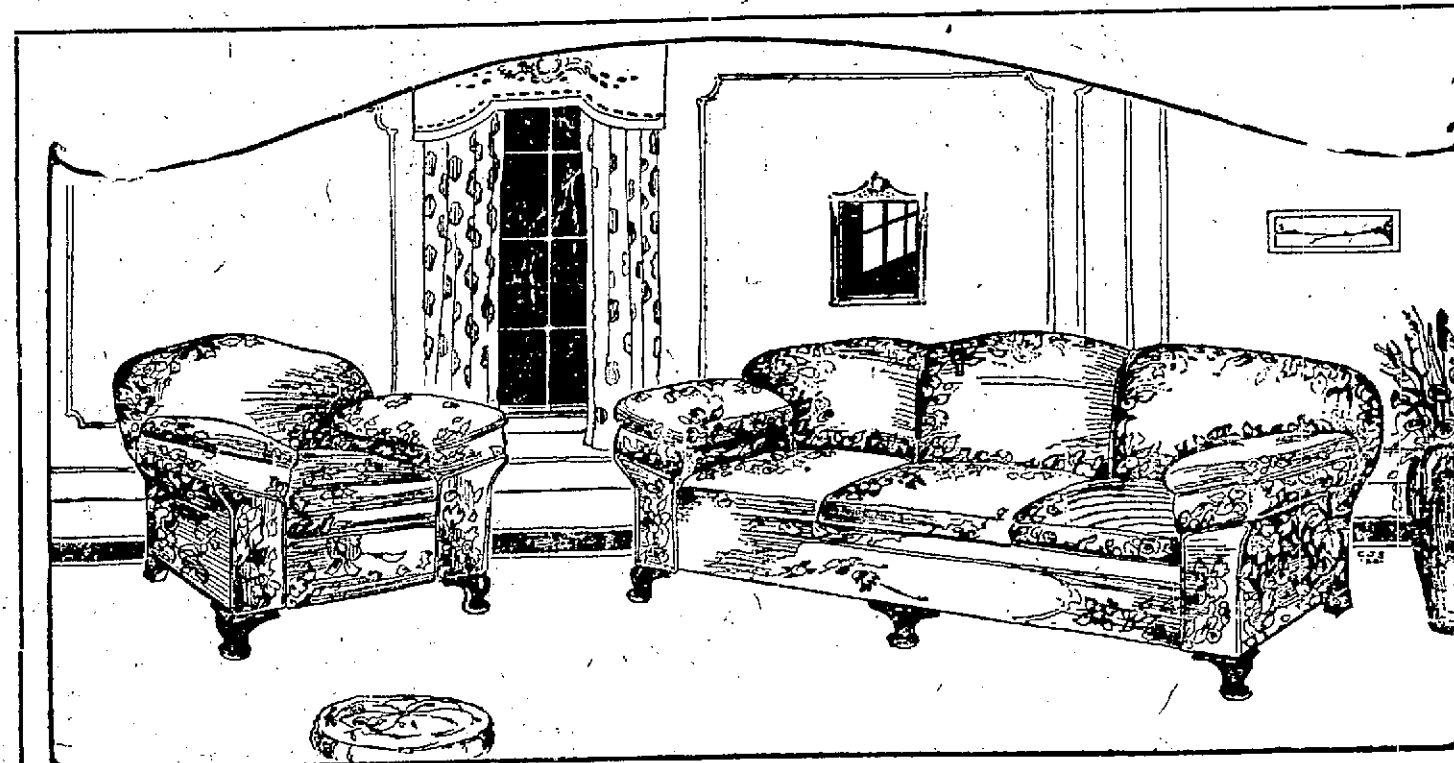

New Association
 With that article gone and other articles substituted, they may be ready to call it "a new association," or "the Harding league," and push for ratification. The one thing certain thus far is that President-elect Harding considers himself committed to some kind of a league or association of nations. Beyond that no one can go, except to say that it is pretty well assured and understood in Marston that Elihu Root will not be the dominant figure in the next administration which public opinion around Elgin has been so ready to predict that he would be.

NEWS OF SOUTHERN WISCONSIN

CLINTON

[By Gazette Correspondent.] Clinton—The death of Joseph Brant at the General Hospital in Beloit Tuesday morning, Nov. 2, was a great shock to his many friends, as it had not been known that he was ill. He had not been strong for many years but was a daily visitor on the streets. He was taken seriously ill Monday afternoon of the previous week and was removed to the hospital Tuesday. He was only one week in the hospital. He was a native of Clinton, and an old settler, living on his father's farm, between Shio-piere and Clinton, for many years. A few years ago he moved to Clinton with his family. Three daughters, Mrs. Lowell, Janesville; Mrs. A. E. Munroe, Clinton; and Miss Elsie Brand, and one son, Fred Brand, survive him. His wife died three years ago. The funeral was held from the home Thursday afternoon. Mrs. C. W. Collier visited in Rockford Monday. Attorney M. O. Mount, Janesville, spoke at the city hall Monday evening. Mr. and Mrs. Hiram Johnson returned from Rockford Monday evening by way of Beloit. The teachers are attending the state convention in Milwaukee. Mrs. Albert Parker visited in Chicago Wednesday. The town hall was a

MILTON

[By Gazette Correspondent.] Milton—Assistant U. S. Attorney General Ray W. Clarke, Washington, D. C., visited his father Sunday. He went to Koshkonong Monday for some hunting. He has been visiting Madison to attend the federal interstate commission cases at Lansing, Mich. Mr. and Mrs. W. D. Burdick spent Saturday in Madison. L. E. North has purchased the Lottell farm near Harmon, formerly owned by W. S. Holmes. He will take possession March 1. Consideration was \$275 per acre. Mrs. D. W. Hartland, has been visiting her daughter, Mrs. W. D. Burdick, C. V. Wells, Milwaukee; D. W. Smith and J. E. Holmes, Madison and Robert Sunaway, Rockford, were weekend visitors here.

FOOTVILLE

[By Gazette Correspondent.] Footville—Mr. Butts was a visitor in Madison, Saturday. A. M. Anderson has returned after a brief absence from town. Mr. and Mrs. Norman Eckman reached town Wednesday evening and are guests at the home of Dr. and Mrs. Leroy. They came by automobile from Wilkes-Barre, Pa., and in all have traveled a distance of nearly 1,000 miles. They expect to remain several days with relatives here and are planning to leave the first of the week for Ft. Atkinson and Milwaukee, going from there to Beloit and thence to their home in the east. Mrs. Eckman will be better remembered as Miss Hazel Silverthorn, who visited here some years ago. Miss Frances Haley came out from Janesville and is the guest of her cousin, Miss Du Mond. Mr. and Mrs. Eckman and Miss Daisy Silverthorn were entertained at supper Wednesday evening at the home of Mr. and Mrs. Leon Spencer. Rev. Gerald Smith was surprised to learn that his father had arrived in Janesville from the west, Wednesday evening. He left immediately after church service for that city in company of Bernie Balls to bring him home. The family will occupy the parsonage about the 15th of the month at which time Mr. and Mrs. Arthur Jones will move into the E. H. Mattice tenant house, and Jacob Wiggins and sister, Miss Kate, will settle in their own home, which will soon be finished and ready for occupancy. Mrs. Jennie Earlywine, who has spent some days at the home of Mr. and Mrs. Marshall, west of town, has returned to her home in Evansville. Mrs. Du Mond and daughter, also her nieces, the Misses

JEW EMIGRATION TO PALESTINE IS INCREASING FAST

Vienna—Emigration of Jews to Palestine is increasing rapidly in central and eastern Europe, and the new Palestine immigration regulations would allow of a controlled immigration of about 17,000 Zionists of the pioneer class during the coming year, said S. Landmann, secretary of the Zionist organization, in an interview. Mrs. Landmann, who is now in Vienna, on a special mission connected with Jewish emigrants to Palestine, said the selection of the emigrants is being made by the Zionist organization which has established Palestine offices in the important Jewish centers. Preference is given to young people, strong in body and determined in spirit, who have had actual experience in agriculture or other manual work and who know Hebrew. Several thousands of such pioneers—known by the Hebrew name of Chaldim—have already left and others are waiting in the large centers until proper arrangements for their transport can be made, or until new openings for employment in Palestine are reported. One of the features of the pioneer movement is that it includes a fair proportion of girls of well-to-do families who have decided to devote their lives to the new Palestine. They act as land girls and take care of the domestic arrangements in the Jewish colonies. Science is nothing but applied commonsense.

Legislators 'ay Have To Meet in Barracks

Madison, Nov. 5.—Either barracks will have to be built on the capitol grounds to house a number of state commissions when the legislature convenes or the departments will be moved to Milwaukee where office room can be obtained.

Soldiers Withdrawn From Virginia Mines

Williamson, W. Va., Nov. 5.—The battalion of federal soldiers on duty in the Mingo county coal fields since the strike of miners called three months ago, has been withdrawn. Twenty-five troops of the West Virginia constabulary arrived today to take their places. An additional detachment is expected later.

GRAND OPENING

OF OUR

New Store Saturday Evening

WE cordially invite everyone to come and see the special displays of the very latest trends in smart footwear we have arranged for this occasion—styles for men, women and children.

WE are sure you will be pleased with the efforts we have made to have this store your store in every detail. Comfort, Convenience, Service were uppermost in our thoughts and guided us throughout in the planning.

During the opening nothing will be offered for sale.

Music will be furnished by H. Cushing's Orchestra and Carnations will be given away.

OPENING

Between 7:00 and 11:00 P. M.
